

IF THIS REPRESENTS YOU

Volunteers have been the backbone of the Red Cross Movement since its birth in 1863. They are the **Power of Humanity** expressing the Movement's humanitarian values through the work they do.

Volunteering with PNG Red Cross is an activity that is motivated by the free will of the person volunteering and is not by the desire for material or financial gain or by external social, economic, or political pressure.

Volunteers are committed to promoting volunteering as a significant and positive contribution to mobilizing the power of humanity in improving the lives of the most vulnerable and to strengthen communities.

To become a volunteer with the PNG Red Cross is challenging but also rewarding and full filling!
